PLACE VALUE	ATTRIBUTE	INDICATORS	QUANTITATIVE			QUALITATIVE	
			MEASURE	METRIC	VALUE	MEASURE	VALUE
Society	<b>Safety and Inclusivity</b>	Crime rate	No. of recorded crimes	#		User response	
		Gender inclusivity	Ratio women : men	%		User response	
		Disability access	Safetipin rating			User response	
		Children's safety	No. of points	#		User response	
Health	<b>Infrastructure and Economy</b>	Lighting	No. of working : total	%		User response	
			no. of points	Brightness	Watts		
		Water	Sources + supply points	#		User response	
			Water quality index				
		Drainage	Run-off coefficient	C		Surface quality	
			Capacity	L		Waterlogging	
		Pollution	Air quality	AQI		User response	
			Noise quality	Db			
Economy		Waste management	Quantity generated	kgs		Type of waste	
			Disposal	kgs		Mechanism type	
Environment	Energy	Electricity used	kW		Working quality		
		Renewable sources	%				
Economy	Property values	Rent per month	INR		-		
		Revenue per month (formal)	INR		-		
		Revenue per month (informal)	INR		-		
Society + Economy	<b>Activity</b>	Programme	Distinct uses	#		Type of programme	
		Level of participation	No. of people	#		User response	
			Amount of time spent	hrs			
Society	<b>Comfort</b>	Walkability (measure along an identified stretch)	Lighting (measure separately for identified walking)	#		User response	
			Traffic conflict	#			
			Obstructions	#			
Economy			Run-off coefficient	C		Surface quality	

<i>Health</i>		Sittability	Drainage	L	Waterlogging		
			Seats	#			Relation of seat placement to programme
		Access to public transit / roads	Use as per people	#			User response
			Distance	kms			Quality of route
			Total (green : open)	%			Maintenance required (high / low)
		Greenness	Along streets and open spaces	%			Shade provision
			In parks	%			
		Vehicular traffic	Volume				Type of vehicles
			Average speed	kmph			
			Parking density	%
